Today, we'll discuss areas of

- Work Health & Safety
- Bullying & Harassment
- Cyber Security
- Confidentiality
- Privacy

Work Health & Safety

Is the physical and mental health and safety of staff still my responsibility while they're working from home?

Bullying & Harassment

Can bullying and harassment occur in a remote working environment?

Cyber Security

What are the new risks we need to be aware of as an organisation?

What should we be teaching staff while they work remotely?

Confidentiality

What are the considerations with work activities where confidentiality may be breached in the home?

Privacy

What are the concerns with privacy when we're working in isolation?

How do I encourage remote working staff to protect private information?
